

#### TECHNICAL INFORMATION

|                         |             |
|-------------------------|-------------|
| Range :                 | Suction cup |
| Category :              | Plates      |
| Series :                | PFTM        |
| Height (in mm) :        | 27.2        |
| Shape :                 | Plate       |
| Contact lip diameter :  | 25.8 mm     |
| inner barrel diameter : | Male G1/8"  |
| Number of bellows :     | 0.5 Bellows |
| Horizontal force :      | 24 N        |
| Vertical force :        | 12 N        |
| Arrow :                 | 3 mm        |

#### Variants:

Variant reference:

**PFTM 25SLT 1/8**

- Color: Translucent
- Matter: Silicone
- Shore Hardness: SH60

Variant reference:

**PFTM 25NI 1/8**

- Color: Black
- Matter: Nitrile
- Shore Hardness: SH50

#### Material guide:

|  | Material                          | Code | Temperature resistance (°C) | Flexibility | Abrasion resistance | UV/Weather resistance | Oil resistance | Food compatibility | Migration test |
|--|-----------------------------------|------|-----------------------------|-------------|---------------------|-----------------------|----------------|--------------------|----------------|
|  | Silicone Translucent (Shore SH60) | SL T | -60/+250                    | ✓✓✓         | ✓                   | ✓✓✓                   | ✓              | FDA<br>**          | ✗              |
|  | Nitrile Black (Shore SH50)        | NI   | -10/+80                     | ✓           | ✓                   | ✗                     | ✓✓             | ✗                  | ✗              |

Requests for FDA and/or EC certificates must be made AT THE TIME OF ORDER. Any later request will incur additional charges. To meet the expectations of our industrial customers, NOVACOM offers the widest range of elastomer and thermoplastic materials. We can also develop new materials based on precise specifications, in order to solve specific applications for our customers.
